PARIS

ALFREDO EZQUERRA. PHOTOGRAPHER. Industrial Engineer decided to try his luck looking for employment in the British capital. The result of his work, is a beautiful, carefully selected collection of photographs which demonstrate perfect symmetry, powerful forms and interesting spacial vision. The intention of his camera was to encompass everything from whole urban landscapes to the most simple detail; from symbolic, well recognised buildings to the smallest unnoticed corner, and above all, to capture the emotions of the people who live there.

ALFREDO EZQUERRA. PHOTOGRAPHER. Ingeniero de formación decidió buscar suerte laboralmente en la capital británica. El resultado de su trabajo es una hermosa y cuidada selección de fotografías en las que se producen simetrías perfectas, encuadres impactantes e interesantes visiones espaciales. El objetivo de su cámara abarca desde el paisaje urbano al detalle más sencillo; desde el edificio emblemático al rincón anodino, pasando sobre todo por las emociones de las personas que los habitan.
